

5-Star Care in a 5-Star Setting

The Wisconsin Veterans Homes provide 5-star care in a 5-star setting. Our Veterans Homes have earned a distinguished reputation nationally, with excellent safety records and high quality of care ratings.

We are proud of our beautiful campuses — from our scenic campus right on Rainbow Lake, to our cozy country home just minutes from downtown Milwaukee, to our cabin in the Northwoods in Chippewa Falls.

The Wisconsin Veterans Homes' highly trained and dedicated staff provides quality medical and nursing care for veterans, a veteran's spouse, a veteran's widow or widower and Gold Star Parents.

Each of our unique campuses offers a wide variety of special programming and therapies for our members. Therapy dogs, a Namaste room, gardening, and a Music and Memory program are just a few alternatives offered as traditional programs and therapy.

Our homes host dozens of special activities each week. Plus, members take more than 400 special activity trips a year. That includes things like bus trips to baseball games, or to see the fall colors changing. At our Wisconsin Veterans Home at King, located on beautiful Rainbow Lake, members enjoy things like fishing, and taking more than 150 boat trips each summer.

Come visit us, take a tour and see what we have to offer!
