

About the Wisconsin Veterans Home at King

The Wisconsin Veterans Home at King provides care for military veterans and their eligible dependents. We are a 721 bed skilled nursing facility (nursing home). There are four separately licensed buildings on our campus. We have a dedicated and compassionate interdisciplinary team of care providers. Nursing is our largest employee group numbering more than 500 personnel. WWH-King has been serving veterans for almost 130 years. In today's health care environment, that is extraordinary. Our commitment to serving veterans is very strong; we recognize the service and sacrifice each veteran and his/her family has made for our state and nation. However, we are only as strong as our employees. Our staff is the foundation for a strong and viable agency as we head into the future.

Honoring
All Who Served

Why I like working at the Wisconsin Veterans Home at King

"I like helping people who can't do everything for themselves. It's not just a job, these are my friends." Janet, CNA

"I feel good about myself when I go home, because I care for veterans." Jamie, CNA

"I have been a CNA at King for 24 years. I enjoy caring for this population." Lori, CNA

"It's a good atmosphere. I enjoy the relationships I have developed with peers over the years." Tom, CNA

State of Wisconsin Employment Benefits at a glance:

- Competitive salaries: Certified Nursing Assistants start out earning up to \$14.18 hourly.
- Weekend and night shift differentials
- Add-on pay
- Paid time off: (prorated for part time and first year)
 - 104 hours of vacation for each year during the first five years
 - 4 and 1/2 days of personal holiday time annually
 - 9 legal holidays annually
- Paid sick leave
- Many affordable health insurance plan options
- Additional benefit options:
 - Dental, Vision, Disability, Deferred Compensation, AD&D, Life, Long-Term Care, Military Service Credit
- Wisconsin Retirement System (WRS)

And if that's not enough, see what else we offer:

- LPN Stipend Program. Currently, WVH-King provides the opportunity for nursing assistant staff to apply for inclusion in the LPN Stipend Program. So, if you have a desire to take nursing courses and advance your nursing career, this could be an option for you, paid by WVH-King.
- Certified Nursing Assistant training programs. Not a certified nursing assistant? WVH-King offers training classes periodically throughout the year. Better yet, trainees are paid an hourly wage for their time while in the training class. Earn while you learn!
- Ongoing continuing education provided to all employees.

About the Wisconsin Veterans Home at King Work Hours

The Wisconsin Veterans Home at King is a 24-hour operation. Nursing staff typically have a set pattern and hours schedule and we know how important it is for staff to be able to relax, plan personal activities, and unwind away from work. Many changes have occurred in WVH-King policy which have reduced staff's necessity to work overtime. If you have questions about this, please call. We would be happy to answer your inquiry.
