

Wisconsin Veterans Homes

Wonderful places to live!

An exceptional standard of care

When you factor in the exceptional standard of care we provide, you begin to understand why we consider our Veterans Homes to be an extraordinary value.

The services provided by Wisconsin Veterans Homes often exceed standards at other facilities. Few long term care facilities include such a complete list of services in the daily cost of care. Instead, they offer additional-charge "service packages" that can add substantially to bottom-line costs.

The daily rate at our skilled nursing facilities includes

Housekeeping • Laundry services • Local phone • Cable hook-up (60 channels) • Banking services • Personal care supplies • Wheelchairs, walkers and canes • Oxygen • Medical care supplies such as eyeglasses and hearing aids • Prescriptions

The daily rate at our assisted living facilities includes

Private room • Weekly housekeeping • Local phone
Heat, electricity, water and air conditioning • Cable hook-up (60 channels)
Three daily meals plus snacks • Medication supervision • Furniture (if needed)
Transport to VA medical appointments • Medical supplies

A community like no other

Above all, the camaraderie of living in a community of veterans makes our Veterans Homes truly special. You simply cannot put a price tag on the incredible support provided by veterans' service organizations to the Veterans Homes. They regularly sponsor special outings, host social events, and simply give of their time as volunteers, enhancing the lives of those living at Wisconsin Veterans Homes beyond measure.

An affordable value

Even with the exceptional standard of care offered, Wisconsin Veterans Homes charge rates that are comparable to privately-owned facilities. A quick review shows that private pay rates for assisted living and skilled nursing care are comparable to state and county averages.

Skilled nursing care (King and Union Grove)	
Veteran	\$207 - \$260
Non-Veteran	\$285 - \$338
Average costs for Central/SE Wisconsin*	\$205 - \$265
Assisted living (Union Grove)	
Veteran	\$114 - \$128
Non-Veteran	\$164
Average for Racine County**	\$129

*2010 Cost of Care: Long-Term Care Survey (Genworth Financial)

**Wis. Dept. Health Division of Quality Assurance, updated 7-2010

These “private pay rates” are the most an individual would pay for this level of care. Private pay rates do not take into account private long-term insurance, Medicaid or Medicare. Assistance is available during the application process to find the best options for financing your living arrangements and cost of care. Most veterans will find economic as well as quality reasons to live at a Veterans Home. **Qualified veterans with a permanent service-connected disability rating of 70% or higher are entitled to cost-free care.**
