Updates from Maintenance/Housekeeping/Laundry/Medical Transportation Departments

We are excited to finally have our Division of Facilities Development (DFD) Small Project completed for installation of Nurse Call Pull Cords in 14 of our staff and visitor bathrooms.

We have submitted a DFD Project which was recently approved for replacement of finishes in our two passenger elevator car walls and replacement of finishes on the Boland Hall Front Reception Desk Counter and Boland Hall Nursing Station Counters. Project also includes replacement of Maurer Roof Shingles.

We are in the recruitment phase for hiring a Facilities Maintenance Specialist and a Motor Vehicle Operator. Goal is to have both positions filled in July 2016 sometime. This will improve meeting the maintenance needs and medical appointment transport needs of the Members we care for. We submitted and will fill a Limited Term Employee (LTE) Motor Vehicle Operator to assist us with medical appointment

transportation needs as needed; we are happy to have Mike M. onboard.

We recruited and filled a vacant Housekeeping position, Tim G. We are happy to have him onboard as well.

We made some changes in the Housekeeping and Laundry Departments to better serve the Members we care for: Tiffany moved back to Housekeeping from Laundry and Dawn moved from Housekeeping to Laundry. We submitted and filled a Limited Term Employee (LTE) Laundry position; Jean we are happy to have her onboard.

We started our plan for stripping and waxing the floors at Boland Hall. We started on Boland Hall 3rd floor common areas and had some Housekeeping Staff from King come down to assist our staff with this project. Jeanne and Erin worked with our Housekeeping staff Robert and in over the course of four days at nights we were able strip and wax common area floors; floors look great. Much thanks to Jeanne and Erin for coming down to help us out and Robert for volunteering to work night shift.
